## Tandem Seating

versatile | adaptable | comfortable

Furnishing Knowledge<sup>®</sup>

### Affordable comfort anywhere.

Strive's simple style complements offices, airports, lobbies ... anywhere. It's ideal for high-traffic waiting and public areas and is available with poly seats to endure hard use or with an upholstered seat when a more upscale aesthetic is desired. Strive tandem seating offers the perfect combination of good looks, soothing comfort, easy maintenance and affordability. What more could you ask for in multiple seating?

### Versatility

Choose the number of elements per unit (seats or in-line tables). Determine whether in-line or corner tables are desired. Then, specify seats in straight runs, L configurations, or U configurations.

Seats are available in easy-to-clean all poly or with an upholstered seat and/or back. Select end arms only, all arms, or armless.

### Strive® Tandem Seating

The waiting is easier when you wait in comfort. Strive tandem seating provides unique flex-back comfort with beam-mounted convenience.

### Flex-Back Comfort

Strive's simple flex-back design encourages movement and relaxation. Slats in the poly back permit flexing; while thin, hidden steel rods provide durable support. The back curves to support the user and the contoured seat dissipates pressure points.

### Beam-Mounted Adaptability

Create comfortable multiple seating arrangements that fit your space. Sturdy beam-mounting allows you to choose various combinations of seats and in-line or corner tables to meet your public space needs.

### Easy Maintenance

Strive tandem seating provides peace of mind for maintenance crews. It's easy to install, facilitates cleaning and withstands rigorous use beautifully.

### Specifications

Seat: W 18 D 18 H 17

2 units: W 44-1/2

3 units: W 66-1/2

4 units armless: W 85-1/2
